

2 Year Genetic Health Guarantee

Thank you for choosing Mini Golden Paradise and allowing us to brighten your future with fun and adventure. We have raised and socialized your puppy to be ready for meeting the entire family and be a loyal companion for a lifetime of adventure.

Your puppy will come with a vet check, microchipped, and up to date for age-appropriate vaccinations and deworming according to Ohio Department of Agriculture guidelines.

Once you have taken your new puppy home, your puppy is automatically introduced to a new environment, and we cannot control what your puppy might eat or otherwise be exposed to. Therefore, we are no longer responsible for any sickness that becomes evident after your puppy has arrived home.

We are here to help you get your puppy life started on the right foot and so your puppy does come with a 30-day puppy health insurance offer through Trupanion. **This offer must be activated within 24 hrs before to 24 hrs after puppy arrives home.**

Your new puppy also comes with a two-year genetic health guarantee. We do require an official diagnosis from a licensed vet. We reserve the right to have our own vet offer a second opinion before an outcome may be discussed.

Minor, treatable problems, such as, diarrhea, coccidiosis, parasites, giardia, etc. Are common problems in puppies. Especially under the stress of new circumstances, and will not be covered by this warranty, although every effort is made to prevent this. We also do not cover hernia repair and or spay/neuter costs.

If you choose to switch from our recommended food, it is vital to transition slowly over a four-week period to avoid any issues. If any discomfort is observed follow your vet's advice on transitioning food.

We reserve all breeding rights unless arrangements have been made. Breeding rights may be purchased for an additional fee.

Any estimate on size or temperament of puppies as an adult is an estimate only and not a guarantee. While we do our best to give accurate estimates it is possible for some variation in weight, size and disposition.

We wish you many years filled with joy and happiness along with your new puppy. We thank you so much for being a part of our extended puppy family!
